

# Employer Transportation Seminar

---

It's FREE

## Description:

A FREE way to learn about cost-effective methods to help your employees solve the significant challenges they face with their commute! Commute Seattle, along with King County Metro, will hold monthly employer trainings on commute benefit programs. If your business is located in downtown Seattle and you are interested in starting or improving your employee commute benefit program and reducing your company's carbon footprint, this class is for you!

## Who should attend?

Employee Transportation Coordinators, Office Managers, HR Directors, Benefits Specialists, or Facilities Specialists

## What will the class cover?

Participants will leave class:

- Understanding the goals of Commute Seattle
- Understanding the essential elements of a successful employee commute program, including ways to effectively manage employee parking and provide discounted transit passes
- Understanding how to tap into and leverage Commute Seattle incentives and services
- Knowing how to save money on the federal and state taxes associated with employee commute benefits
- Identifying commute strategies, such as implementing a telecommute program, that will attract and retain valuable employees and reduce your company's carbon footprint

## When?

This FREE one hour long class will be offered once a month beginning on October 14, 2008. Dates and times may vary each month.

## Where?

Trainings will be held at various locations downtown, visit [CommuteSeattle.com](http://CommuteSeattle.com) to register for this FREE training.
